REPORT OF THE MINISTRY OF COAL FOR THE MONTH OF MARCH, 2017

S. No	Significant inputs	Status																																																																					
1.	Important policy decisions taken and major achievements during the month	<p>(a) Initiatives being taken in regard to de-allocated coal blocks</p> <p>1. Under the provisions of the Coal Mines (Special Provisions) Act, 2015 and Rules made there under, the Central Government is considering to auction coal mines for sale of coal. Accordingly, a discussion paper containing eligibility criteria and auction methodology has been prepared in the first instance to consult stakeholders. The discussion paper has been placed in the public domain for a specified period of time to solicit public opinion/ comments.</p> <p>2. Further, directions have been issued to Nominated Authority by the Government vide O.M. dated 30.03.2017 for allocation of 06 Schedule III coal mines through e-auction under Section 4 of the CM(SP) Act, 2015 for the end – use ‘Production of Iron and Steel’.</p> <p>3. In addition, directions have also been issued to Nominated Authority by the Government vide O.M. dated 30.03.2017 for allocation of 13 Schedule II and Schedule III coal mines/ blocks through e-auction under Section 4 of the CM(SP) Act, 2015 for the end – use ‘Iron & Steel, Cement and Captive Power Plants [excluding Steel (Coking)]’.</p> <p>4. During the month amounts of Rs. 242, 59, 45,176/- towards Upfront Amount and Rs. 69, 12, 50,075/- towards monthly payment have been transferred to respective coal bearing status.</p> <p>5. Compliance of Cabinet/Cabinet Committee (ACC)

No. of CoS decisions pending for compliance	Proposed action plan/time lines for compliance of decisions	Remarks
<p>Issues pertaining to Jharia and Raniganj Action Plan for Fire and Subsidence. CoS decisions</p> <ol style="list-style-type: none"> 1. Govt. of West Bengal may examine the possibility of taking up housing under rehabilitation in multi-storeyed pattern in urban areas and a suitable configuration in rural areas to economies the requirement of land. 2. M/o Coal may examine the request of G/o Jharkhand to entrust the work of construction of dwelling units for rehabilitation to a suitable Central PSU. 3. Govt. of Jharkhand may expedite the shifting of R.S.P. College Jharia to a suitable location. 4. MoRTH may take up realignment of 300 m stretch of NH 2 in Raniganj area expeditiously and hand over the stretch to ECL. 5. The alternative road suggested by BCCL between Godhur and Putki may be brought to proper standards and handed over to NHAI so that the corresponding section of NH 32 can be handed over by NHAI to BCCL. 6. M/o Coal and M/o Railway may mutually discuss the modalities for financing the projects regarding realignment of 145.6 km of railway line in Jharia region and 20 km stretch in Raniganj region. 	<p>In the meeting taken by MoS (I/C) for Coal held on 11.5.2016 regarding issues related to JRDA under Jharia Master Plan it was decided: "There is no justification to acquire the land in the fire affected and subsidence prone area and areas where mining is uneconomical. Jharia Rehabilitation and Development Authority and Bharat Coking Coal Ltd. were asked to sensitize people and make them aware of the imminent danger and impress upon them the need to shift to safer locations to save their own selves. They would also be informed that the Government was constructing houses for them, if they were willing to shift. Govt. of Jharkhand has not yet identified location for shifting of RSP College. During the 13th HPCC meeting held on 17.10.2016, It was agreed to include RSP College for shifting under Master Plan utilizing the existing budget. 14TH HPCC meeting held on 13th Feb, 2017.</p> <p>During the 14th HPCC Meeting, ECL informed that about 300 m. stretch of NH 2 is under unstable area and, therefore, unsafe. Further, a study was carried out by CIMFR in which voids were found at a low depth that may cause occurrence of potholes. The report has been sent to NHAI on 07.2.2017. Representative of DGMS informed that a notification has already been issued by DGMS in this matter declaring the area unsafe. The report of CIMFR has been forwarded to DDG, Sitarampur on 23.02.2017 for information.</p> <p>In the meeting, it was decided to constitute a committee under the Chairmanship of DGMS with representatives from NHAI, CIMFR, ECL and ADDA to examine and recommend action to be taken by NHAI. The Committee should submit its report to NHAI in a month's time.</p> <p>ECL informed that, on 20.03.2017 a meeting was held at DGMS office Sitarampur under the Chairmanship of Dy. DG(EZ) where representatives of ECL, CMPDIL, NHAI & ADDA attended the meeting. CIMFR was not participated in the meeting though informed & requested. DY.DG(EZ) stated that CIMFR report itself is contradictory by saying that in "Blind backfilling it is difficult to ascertain whether underground galleries are completely filled or not" though it was suggested by them.</p>	

It was further suggested by DY.DG(EZ) that NHAI should approach CIMFR to get idea of blind backfilling and certification of stability by CIMFR.

Regarding NH32 between Godhar and Putki, NHAI is required to switch over to newly constructed part and hand over the fire affected part to BCCL. NH-32 was not included in the approved Master Plan.

Further, it was also agreed to issue NoC and transfer 17.07 ha. land to NHAI by BCCL for 2/4 laning of the NH-32.

Regarding the diversion of railway lines, Representatives of Ministry of Railways mentioned that instead of diversion of 137 kms. routes as suggested by RITES, some local diversions in railway lines could effectively serve the purpose. However, it was clarified that there was no plan of taking out coal from the affected areas and the risk associated with the railway line had already been communicated to Ministry of Railways. MoR should take up necessary actions for shifting/protection of affected railway lines, as per their assessment.

Regarding consolidation of fund by MoC for shifting of railway lines in the fire affected areas, it has been informed to MoR that it will be the responsibility of respective Ministries to take up appropriated measures at their end to protect their property and requested to advise their officials concerned to take necessary actions for protecting the railway properties in the affected areas. ECL informed that that RITES submitted revised FSR for diversion of Andal-Sitarampur Railway line and that Eastern Railway demanding payment of 'Codal Charges'. During 14th HPCC Meeting, representatives of Railways were asked to direct concerned officers of Eastern Railways to examine the revised FSR submitted by RITES on 10.01.2017 for taking future necessary action.

ECL has suggested some amendments in the Revised FSR for omission of responsibility of ECL in respect of land acquisition of the proposed diverted alignment, conversion of all the 11Kv crossings into underground system as well as modification of 132 KV crossings etc. which has been forwarded to Eastern Railway authority by M/s RITES on 01.03. 2017 for consideration.
