Eastern Coalfields Limited (ECL) a subsidiary of Coal India Limited under the Ministry of Coal, has generated revenue of ₹2.21 crore through scrap disposal and cleared 62,720 square feet of space under Special Campaign 6, aimed at improving workplace cleanliness, resource utilisation and administrative efficiency.

According to the progress report for October 2-16, the Coal India subsidiary disposed of 413.5 metric tonnes of scrap against an identified quantity of 850 metric tonnes. The disposal of iron scrap on October 14 generated ₹2,21,31,359, contributing to resource recovery and the productive utilisation of obsolete materials.

The company has undertaken cleanliness activities at 10 identified locations, clearing 62,720 sq. ft. of space against a target of 2,08,052 sq. ft., achieving around 30 per cent of the targeted area.

On the administrative front, ECL reviewed 647 physical files against a target of 1,200 and weeded out 567 obsolete files against a target of 1,000. The exercise aims to reduce redundant records, optimise office space and strengthen records management.

Significant progress was also recorded in digital file management, with 3,098 e-files reviewed against a target of 3,800, representing over 81 per cent achievement. Of the 3,600 e-files identified for closure, 2,148 have been closed, achieving nearly 60 per cent of the target.

The campaign forms part of ECL's broader efforts to institutionalise cleanliness, streamline administrative processes and promote the efficient utilisation of resources across its establishments.
